

Rob's Kids Presents:
CHRISTMAS IN JULY WISH LIST!

Each year we do this drive to help the Mental Health Professionals who work daily with these children who suffer and struggle with many mental health issues. The gifts that are provided are used as tools to help these children become ready to live a normal life outside the hospital. Many times they have lost their ability to communicate socially, they have lost their ability to concentrate, they have a hard time with eye hand coordination and so on. The doctors, nurses and other mental health professionals provide a list of much needed items that they will use to rehabilitate these kids.

Thank you for your donations and love for these kids!

- ☆ **Approved List:** Due to infection control restrictions, **we can only accept NEW items.**

Please avoid toys with detachable parts (like button eyes) that can be removed, swallowed, or inhaled.

- ☆ Please, no violent themed toys - no gun type

- ☆ **Cash donations can be made at www.robskids.org through paypal.**
